## Our Curriculum

Our curriculum is designed to maximize your child's learning ability. All children learn best by doing. We offer a balance of vigorous and quiet play, indoor and outdoor activities, and small and large group experiences. Projects incorporate language arts, whole language activities, small and large motor development, math readiness, music, science, computer, social development and pre-kindergarten readiness skills. We also include a Christian philosophy: children pray before snack, sing Christian songs and learn about heroes of the Bible.

## Our Philosophy

Each child is a unique person, created by God, with great potential. We offer beautiful, well-organized, hands on environment. We touch, smell, look, taste, hear and do. Our goals are to enable children to grow in trust, independence, initiative, self-confidence, pre-academic skills, and to learn about God in a safe and caring environment. We use a developmentally appropriate environment to enhance all areas of the child including emotional, social, intellectual, spiritual, and physical so that each child can develop to their fullest potential.
