March 6, 2024

Dear My First School Families,

On March 1, 2024 the CDC changed their stance on Covid19. <https://www.cdc.gov/media/releases/2024/p0301-respiratory-virus.html>

My First School has consistently aligned our policy with the recommendation of the Center for Disease Control. At the beginning of the school year, we used the Isolation and Exposure Calculator to determine the course of action for each exposed or positive student. We will no longer be doing that. The updated CDC guidance recommends the following guidelines. We will use these for our school policy effective today.

1. When people are sick with a respiratory virus they should stay at home and away from others.
2. They should return to normal activities when their symptoms are improving and they are fever free for at least 24 hours without using fever-reducing medication.
3. Students and staff are no longer required to mask or test when they have been exposed to Covid19.
4. We do ask that you inform the school when your child is sick with Covid19 or any other communicable disease so that we can communicate with the other families in the classroom. This gives everyone a heads up to watch your child's health closely. This is a requirement from the Ohio Department of Children and Youth.

If you have any questions or concern please feel free to reach out to me by email jkaiser@cornerstoneaurora.com or phone 330-562-8070.

Sincerely,

Julie Kaiser

MFS Director
